WELCOME TO HORROR-THON '90

We would like to thank everyone attending HORROR-THON '90 this weekend. The staff of HORROR-THON '90 hopes that you'll have a great time and get to meet some of your favorite stars of the sci-fi/horror genre. We're very proud to have joining us for the weekend and also being our host, *T.V. horror show host* "LEGEND" ZACHERLEY. Joining him will be our special guests, JONATHAN HARRIS, *star of the classic T.V. series "LOST IN SPACE"*, TOM SAVINI, *master of special effects and director of the new "NIGHT OF THE LIVING DEAD"*, and DYANNE THORNE, *star of the classic "ILSA" film series*. We're also glad to have with us our special co-host, RICK SULLIVAN, editor of N.J.'s own "GORE GAZETTE". Rick's band, "THE CREEPING PUMPKINS" are scheduled to perform "LIVE" on Saturday.

Also joining us for the weekend will be ROBERT ALDEN-MAY, "THE GURU OF GORE" with his company CINE F/X Studios. Joining Mr. May are his staff of professional Hollywood make-up artists, TODD BATES, JEFFERY ALLEN BIGGS, & JERRI BAKER. They will be doing live make-up demonstrations in the main room all weekend long and have the greatest selection of make-up supplies for sale, just in time for Halloween.

It's a pleasure for us to also have at HORROR-THON '90, New Jersey's own BOB MARTIN. Uncle Bob, as his friends call him, was the original editor of "FANGORIA" magazine for seven years. He co-starred with Zacherley in the cult film "GEEK MAGGOT BINGO", did the novelization of the film "BRAIN DAMAGE", and was a zombie in "DAY OF THE DEAD". Recently he was co-writer on Frank Henelotter's film "FRANKENHOOKER" and both are currently working together on another film script. We've also just found out that coming out next spring is a new magazine called "CRIME BEAT"; a true life crime magazine and Bob's the associate editor. Watch for it! You'll be able to talk to Bob at the HOLLYWOOD BOOK & POSTERS booth, right up the stairs on the second level.

HORROR-THON '90 FILMS

BEAST FROM 20,000 FATHOMS (SATURDAY 11:00 AM - MARCUS HALL)

Classic Ray Harryhausen Film about a prehistoric dinosaur awakened by an atomic blast in the arctic and finally makes it's way to New York City to go on a rampage of death and destruction. The story was taken from a Ray Bradbury short story, "THE FOGHORN", which originally appeared in the "Saturday Evening Post", *The Ultimate Dinosaur Film Of The 1950's*.

BLACK SUNDAY (SATURDAY 6:00 PM - MARCUS HALL)

Director Mario Bava brings us the most atmospheric witch film of all time. The beautiful Barbara Steele stars as Princess Asa, who after being burned at the stake, comes back 100 years later to reap vengeance on her ancestors. Right from the opening scene you'll be held spellbound by this classic.

BURN, WITCH, BURN (SUNDAY 7:40 PM - MARCUS HALL)

A college professor discovers that his wife is using black magic to help his career along. What he thinks is just superstitious mumbo jumbo turns out to be an almost deadly mistake. His wife isn't the only witch in town and someone's trying to ruin his career by using their own black magic.

IT CONQUERED THE WORLD (SATURDAY 7:30 PM - MARCUS HALL)

Roger Corman's vision of an alien invasion from Venus in 1956. One of the weirdest monsters to hit the silver screen in the 1950's. Silly sci-fi stuff that even with all it's flaws, still holds a place in our hearts.

IT! THE TERROR FROM BEYOND SPACE (SATURDAY 8:40 PM - MARCUS HALL)

Classic grade B space monster that sucks the blood out of it's victims. All time 1960's CHILLER THEATRE FAVORITE, still hold's it's own. The 1979 film, "ALIEN" lifted a lot from this 1950's Thriller. The creature suit was created by PAUL BLAISDELL and stands out as one of his best.

MR. SARDONICUS
(SUNDAY 6:20 PM - MARCUS HALL)

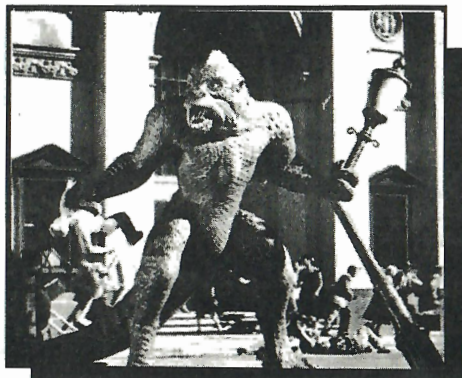

This film was directed by "Gimmick Meister" WILLIAM CASTLE and is very dark and disturbing, but entertaining. A young man retrieves a winning lottery ticket from his father's vest pockets. The only catch is, his father is buried in the vest, thus he must dig up his father to retrieve the ticket.

Upon opening his father's coffin, he is thrown into such a state of shock that his mouth is formed into a sardonic grin of evil. The rest is for you to face and see and believe us, you got to see this one.

20 MILLION MILES TO EARTH
(SUNDAY 11:00 AM - MARCUS HALL)

This may be RAY HARRYHAUSEN'S greatest screen creation. A spaceship coming back to the Earth from Venus crash lands and releases the mighty "YMIR". What starts off as a strange little egg, soon turns into one of the screens most memorable monsters. The creature makes it's way to Rome for the classic finale atop the "Coliseum". . The "YMIR" gets our vote for the best alien creature of the 1950's.

IF TIME PERMITS THESE OTHER FILM'S WILL BE SHOWN

- ANGRY RED PLANET -
- CALTIKI, THE IMMORTAL MONSTER -
- ATTACK OF THE CRAB MONSTERS -
- BLOOD AND LACE -

ACTUAL PHOTOS OF HUMAN ODDITIES

TITLE CARD & BACKFRAME ART BY XNO

COMING IN NOVEMBER!!!

The most controversial trading cards of the Eighties return in an all new set featuring all-new, all different actual photographs of human oddities and other unusual individuals. At one time these individuals were referred to as Monstrosities, Freaks of Nature, and even worse. Siamese Twins, Dwarves, Giants, and the more grotesque members of society were able to make a living exhibiting themselves in Circus Sideshows and Dime Museums; some earning more in a single week than a normal person might earn in months! To get some of these big bucks, a number of normal appearing individuals turned themselves into Sideshow Attractions! Shel-Tone Publications is proud to once again present a portrait gallery of these peculiar people as a trading card set with the person's life story on the back of every card! It's sure to be a future collector's item!!!
